

FOOTBALL TEAMS CLASH TOMORROW.

Denver University Players Arrived
Here This Afternoon—Met
By Students.

U. OF U. SIGNAL PRACTISE.

Carlson, 'Varsity's Crack Left Guard,
Decides to Play in Tomorrow's
Contest—The Line-up.

The University students are in a mood to throw their hats into the air and shout for joy. Their hope of winning in tomorrow's struggle with the Denver university team has grown into absolute confidence. The cause of all their joy is that Carlson, the big guard who stated a day or two ago that he was out of the game for the season, has decided to don his padded clothes, his head gear and shin guards and go into the battle tomorrow afternoon and fight for the 'Varsity eleven. Director of Athletics Harvey Holmes stated this morning that Carlson would play at left guard in the place of Thompson. This will mean a big help to the local team, as he is one of the best guards in the state and one on whom the 'Varsity boys had been counting for great things. There were large chunks of disappointment when he stated that he had quit the gridiron, but the announcement that he would be in the line-up for the big game has set everything right again.

Mr. Holmes said the team would be put through light signal practice beginning at 4 o'clock this afternoon, and that this would be the finishing touch of training for the coming battle. The Denver team and substitutes are scheduled to reach here at 4 o'clock this afternoon, over the Union Pacific. The visiting players will be met at the depot by a delegation of the University student body and escorted up town to a hotel, probably the Kenyon. The visitors will put in their time between now and the game in reading up and preparing for the struggle. The vehicle which is to convey the Denver players to their hotel is decorated with the visitors' colors and the boys will be royally entertained while in the city. Horace Whitney, assistant manager of the local team, is in charge of the entertainment committee, and says that the visiting gridiron artists will be entertained in a manner they will not soon forget.

Tomorrow evening a ball will be given in their honor. This event will take place in the Museum building at the University. The ball will be beautifully decorated with flowers and the Denver university colors.

There is a great deal of enthusiasm over the game and the local team feels encouraged to go into the contest to win. The team will be at a disadvantage in weight, as it will only average 154-5-11. The line-up of the Utah eleven as announced by Mr. Holmes is as follows:

GENTLE FOOTBALL.

Thomas McCauley, 16 Years of Age, is
in Hospital With Broken Neck.

New York, Oct. 29.—Thomas McCauley, 16 years of age, lies at the point of death in a Brooklyn hospital from injuries received in a football game. His neck is broken and his lower limbs were paralyzed, but he still retains full possession of his faculties.

McCauley, who is the son of a police sergeant, was playing on a training school eleven. He got the ball and started to run, when he was downed, with the entire team on top of him. At the clanging to the ball and was carried off the field.

NEXT BIG FIGHT.

Fitzsimmons and Gardner, Light Heavies,
Are on the Coast.

The next important battle in which sporting men all over the country are interested is the meeting between Bob Fitzsimmons and George Gardner for the light heavyweight championship of the world. The bout will take place at San Francisco on Nov. 25, and will be limited to 25 rounds. Gardner now holds that title by virtue of his victory over Jack Root at Fort Erie last July. At the time Gardner was presented with a valuable belt emblematic of the championship. Both principals have reached the coast and have settled down to real hard training for the fight. The preparatory work done earlier was only play to what the fighters have planned between now and the date of the contest. Fitzsimmons realizes that he is going up against a pretty strong young fellow in Gardner, and although he feels confident of win-

ning, he nevertheless intends to take no chances.

Fitzsimmons is still ambitious, and the fact that he can gain a championship inspires him to greater effort. Gardner, on the other hand, never neglects his training when engaged for a battle, no matter who his opponent may be. In Fitzsimmons' opinion, Gardner knows that he will encounter one of the craftiest fighters in the world and one capable of landing a terrific blow. Still he, too, is confident of victory. No matter which comes out the victor, the indications are that there will be considerable money on the result, providing Gardner has as many enthusiastic supporters as the former heavyweight champion.

The local sporting element seems to favor Fitzsimmons' chances in the coming match, and the indications are that there will be considerable money on the result, providing Gardner has as many enthusiastic supporters as the former heavyweight champion.

George Considine is a staunch admirer of Fitzsimmons, and he is willing to wager any part of \$5,000 that the Cornishman can defeat any boxer in the world, barring Champion Jeffries.

Should Fitzsimmons defeat Gardner he will in all probability be matched to meet J. J. Corbett, his erstwhile rival and the man from whom the world's heavyweight championship at Carson City in 1897.

Would Play Lacrosse.

The Denver News says:

Captain Payment of the Denver Lacrosse club is carrying on negotiations for the organization of a western lacrosse league. The proposed association would

include Denver, Salt Lake, Portland, Seattle, San Francisco, Los Angeles and several other towns. Lacrosse is rapidly increasing in popularity in the west and especially along the Pacific coast.

Captain Payment is in communication with the Shamrocks of Montreal, looking forward to an exhibition match following the games on Thanksgiving day. The latter affair is looked forward to with great interest by the Denver players, and they are fast getting in good fettle for a match.

A meeting with the new lacrosse club which is being formed here is sought by Captain Payment of the Denver club.

HERRERA WHIPPED SANTRY.

Latter Outfought Mexican but Stopped
Right Jolt and Went Out.

Anascond, Mont., Oct. 29.—Aurelio Herrera, the lightweight Mexican pugilist, tonight knocked out Eddie Santry of Chicago in the thirteenth round of what was to have been a 20-round go. Herrera had been the favorite in the betting until the first five rounds, when Santry's backers offered odds on their man with few favors. Santry had all the best of the fight up to the last round, breaking through the Mexican's peculiar guard as no other fighter has yet been able to do. Santry forced the fighting throughout and was plainly Herrera's superior in science, but seemed unable to deliver a knockout, and while mixing it fiercely in the thirteenth round, received a terrific short-arm jolt behind the ear and went down out.

BOWLING TOURNAMENT.

In Last Evening's Series, Stevenson
Carried Off the Honors.

In last evening's series of the bowling tournament now going on at the Colander alley, Stevenson carried off the honors by making a total of 733 points. Talamantes came second, with 685 points. The individual scores follow:

Stevenson, 10 pins, 146 159 129 221—525 733

Brown, 15 pins, 131 133 113 137—377 422

Still Breaking Records.

Denver, Oct. 29.—Barney Oldfield this afternoon lowered his own world's records for five, ten and fifteen miles at the Overland park track with his Gordon-Bennett eight-cylinder 120-horse-power machine. His new records made today for the distances named are 4:45, 9:34 and 14:24. His former records were 4:54, 9:45 and 14:35.

SPORTING NOTES.

Creseus has knocked the dents out of his crown.

Santry outfought Herrera last night, but the Mexican outwitted Santry.

Jack Munroe has decided to play football instead of fight. Good-by, Jack. Take keer of yourself.

Tickets for the big football game tomorrow between the 'Varsity and Denver university teams are going fast. A big crowd will be on hand to see the do's.

The track at Wichita, on which Creseus broke records, has been proved to be a mile in length. But how long was the tape measure?

Cincinnati, O., Oct. 29.—Dick Welles, carrying 107 pounds and ridden by Knight, failed to lower his world's record of 1:37.24 at Latonia today, but he ran the mile in 1:38, clipping one and three-quarters seconds off the record for this course. Fractional time, 25 4-5, 48, 1:15, 1:28.

The freshmen at stations Nos. 1 and 2 are getting themselves into fine handball form these days and some lively games between department teams are looked for. The boys on the west side have a splendid court, and No. 2 team boasts the department championship.

London, Oct. 29.—George H. Watson has declined the commission of the prominent Clyde yachtman previously referred to as contemplating challenging for the America's cup to design a cup challenge, or the promoter that it is hopeless for British or other challengers to continue trying for the trophy under the measurement rule by which the challengers have been rated.

All Hollows football team, under the direction of Captain Freeman Bassett, will

go to Ogden tomorrow to play the high school team of that city. The college boys are in fine fettle and feel confident of winning from the Junction city boys. In the event of victory they will secure a game with the "Aggies," if the latter team does not disband.

HANLON AFTER TITLE.

Will Force "Young Corbett" Into An
other Match if Possible.

Eddie Hanlon, the clever California featherweight, has thrown down the gauntlet to Champion Young Corbett, and it is more than likely that this pair of light stars will come together before the snow flies. The westerner has gone down the line defeating all comers, and now considers himself on the same footing with Corbett. Few fighters have fought with more consistency than Hanlon, and in each succeeding fight he has shown a decided advantage over the previous one. His clever over right Yankee swing has earned and he is now prepared to tackle even harder game.

Hanlon has already had his experience with Corbett. He had a 20-round draw with the champion, and there is no doubt that Corbett has a great deal of respect for the young westerner. Although considered a clever fighter by those who fol-

Arrested for Conspiracy.

San Francisco, Cal., Oct. 29.—W. F. Dasha, Thomas J. Dempsey, and Lee Lin, were formally placed under arrest today on charges of conspiracy returned against them by the United States grand jury. They were given liberty on bail of \$3,000. The two white men arrested were deputy marshals and they are accused with the connivance of the Chinese prisoner of substituting old and decrepit Chinese who desired to return to China for young Chinese who were ordered deported by the United States courts.

Baptists Going to China.

San Francisco, Oct. 29.—The advance guard of a party of 25 Baptist missionaries who will sail for China on Saturday have arrived here. They are Mr. and Mrs. E. E. Jones of Boston; Miss Austin of Lynn, Mass., and Miss Cole of Cleveland, O. They expect to remain in China for seven or eight years. A feature of the Baptist crusade into the flowery kingdom will be the establishment of a mission in western China, on the borders of Tibet, 3,000 miles inland.

BOY WAS COOL.

Red-Haired Youth from Union Steers
A Runaway Team.

Archie Butterfield of Union, a youth of 15 years, had a ride Wednesday afternoon about 4 o'clock which he will never forget as long as he sojourns on this mundane sphere. Archie was sitting in his father's farm wagon in front of the Lion House waiting for his father and the horses, a pair of husky grays, took it into their heads to run away. As Archie tells it "the horses started to run and kept going." They ran to State street and then for madly down Theater hill. When the frightened horses crossed First South street they were setting a pace that would make Barney Oldfield's "Burr" automobile envious. Archie was perched on the seat grimly gripping the lines and doing his level best to keep the horses in the middle of the road. At Second South it was up to Archie to crash into a buggy, run the horses into the drugstore on the corner. He decided on the latter course and the rig crashed into one of Uncle Samuel's mail boxes. One of the horses was thrown on his back into the gutter, while the other broke loose and continued on to Union. Archie pitched headlong from the wagon seat and struck head first on the horse in the gutter. He jumped quickly to his feet and quietly assured the big crowd that had gathered for the purpose of picking up his remains, that he was all right, and that he guessed he could ride about as fast as any "darned team could run."

To the wonderment of the crowd on hand, the boy escaped without a scratch, and the horse thrown to the ground also escaped injury.

TO BUY BUFFALO FOR PHILIPPINES.

Pekin, Oct. 29.—The Chinese foreign office alarmed at the project of the Philippine government to purchase 20,000 water buffaloes in South China to replace those which have fled of the pest United States Minister Conger has asked the authorities to remit the export duty on the buffalo because the project is charitable, but Ling Fang, secretary of the foreign office, replied that he doubted whether there were 20,000 buffaloes in China and said he feared the Chinese farmers would sell all they had if they were offered a

A PESTIFEROUS GERM.

Burrows Up the Scalp Into Dandruff
and Saps the Hair's Vitality.

People who complain of falling hair as a rule do not know that it is the result of dandruff, which is caused by a pestiferous parasite burrowing up the scalp as it digs down to the sheath in which the hair is fed in the scalp. Before long the hair root is shriveled up and the hair drops out. If the work of the germ is not destroyed hair keeps thinning till baldness comes. The only way to cure dandruff is to kill the germ, and until now there has been no hair preparation that would do it: but today dandruff is easily eradicated by Newb's Hericide, which makes hair glossy and soft as silk. SANTA FE AGENT ARRESTED.

For Discharging Clerk Who Responded to a Militia Call.

Emporia, Kan., Oct. 29.—A warrant was issued tonight for the arrest of W. C. Hette, Santa Fe agent at this place, charging him with discharging from the employ of the road Leigh Pettit, a member of the local Kansas national guard because he left his work to attend the maneuvers at Fort Riley. Pettit was ordered with his company to the maneuvers and claims he was told by Hette that if he went he could consider himself discharged. Hette says he had decided to dispense with Hette's services before he heeded the maneuvers. A test case will be made of the matter.

Maj.-Gen. Heywood's Report.

Washington, Oct. 29.—The annual report of Maj.-Gen. Heywood, commander of the United States marine corps, contains estimates for the following, among other improvements at the yards and stations named:

Mare Island, Cal., erection of a small prison for the use of the command at that station; Puget Sound, Wash., extension of the barracks.

"I am pleased to say that it was not a mistake to enact a law which allows promotion from the ranks," says the general, "as all the officers in the marine corps from this source have turned out well."

It is recommended that the leaders of the marine band be given the pay and allowances of a captain; the second leader that of a second lieutenant; first-class musicians, \$10 a month, and second-class, \$75 a month.

CANT KILL PRIVATES.

The Kaiser Issues a Decree Defining Rights of Officers.

Berlin, Oct. 29.—The case of Naval Ensign Huesner, who was recently imprisoned for killing a private, has resulted in the issuance of an imperial decree against the abuse of privileges by officers. According to this decree, an attack on a superior officer by a drunken private will not in the future be considered an insult, and only when the person of the officer is in danger shall he be permitted to use a weapon. The superior officer, who is so attacked shall, to avoid a controversy with a private, have the drunkard removed by his comrades. These regulations are to be enforced by the army and navy every four months.

not fully informed, it may be as well to state
that the tests were made in a way that removes all
possibility of injustice or controversy, the final
test applied being a bread baking by an ex-
